An Essential Service for Students

As a graduate student (full-time or part-time, additional session, non-thesis extension, masters, or doctorate) at McGill University who registers in September or January and who is paying tuition fees at either the Canadian or Quebec rates, you have access to one of the most important services on campus, the PGSS Enhanced Care Student Health & Dental Plan. It covers many benefits not provided by provincial health-care programs, like vision care, dental care, and travel care abroad.

Post-doctoral fellows, including international post-doctoral fellows, who register in September or January also have access to the Enhanced Care Health & Dental Plan. International students who register in September or January are automatically covered by the Enhanced Care Dental Plan only. Visit www.studentcare.ca/pgss for more details on eligibility.

We invite you to verify if you're already covered by another plan (through an employer, parent, or spouse). If so, the student Plan can still be of interest to you, as you can be reimbursed the remaining eligible fees (partially or fully) through your secondary plan.
