6 DEPENDANT'S ELIGIBILITY

Your spouse by marriage or under any other formal union recognized by law, or your partner who has been publicly represented as your spouse for at least 1 year, is an eligible dependant. You can only cover one spouse at a time.

Your children and your spouse's children (other than foster children) are eligible dependants if they are not married or in any other formal union recognized by law and are under the age of 22. A child, who is a full-time student attending an educational institution recognized under the Income Tax Act (Canada) is also considered an eligible dependant until the age of 26 as long as the child is entirely dependent on you for financial support. You need to provide proof of the child's full-time status. If your child is over 21 years old, is disabled and is entirely dependent on you for financial support, he/she is eligible.

These benefits are underwritten by Canadian Premier Life Insurance Company/Securian Canada.

Gender Affirmation Care is provided by GreenShield.
